Remember Me

When summer arrives
And we go our own ways
Will you remember me?

When the day is long
And the troubles are many
Will you remember the hand
I held out for you to hold?

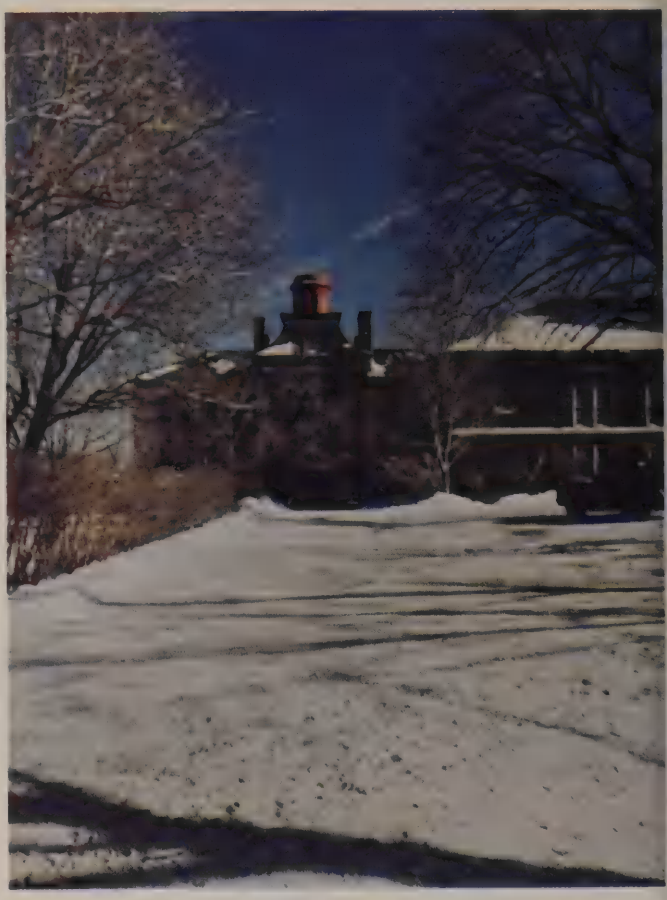
When we are separated by miles of concrete and tar

Will you remember . . .

. . . quiet days of sunshine and smiles?

When the gates close for the last time

When the bells ring no more



When the campus is empty
Will you remember me?

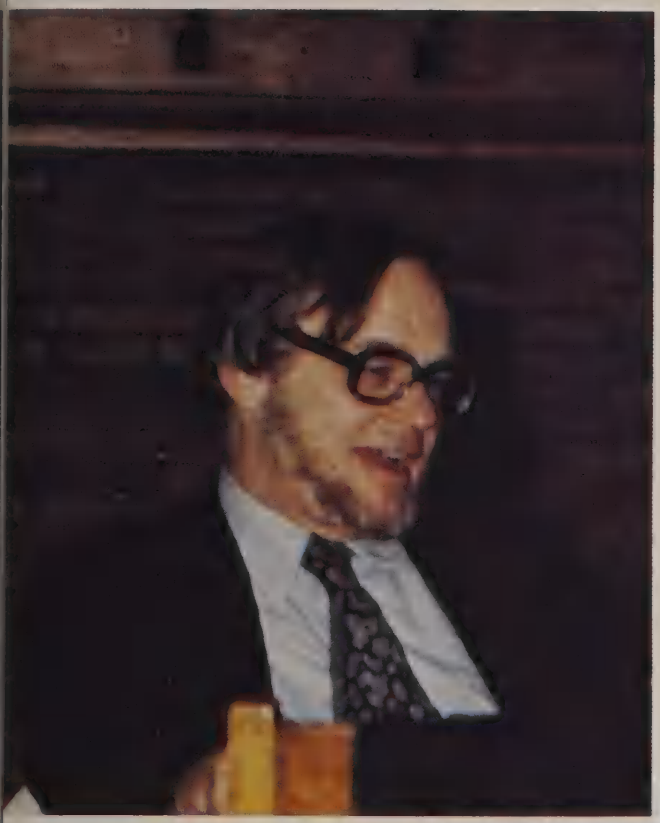
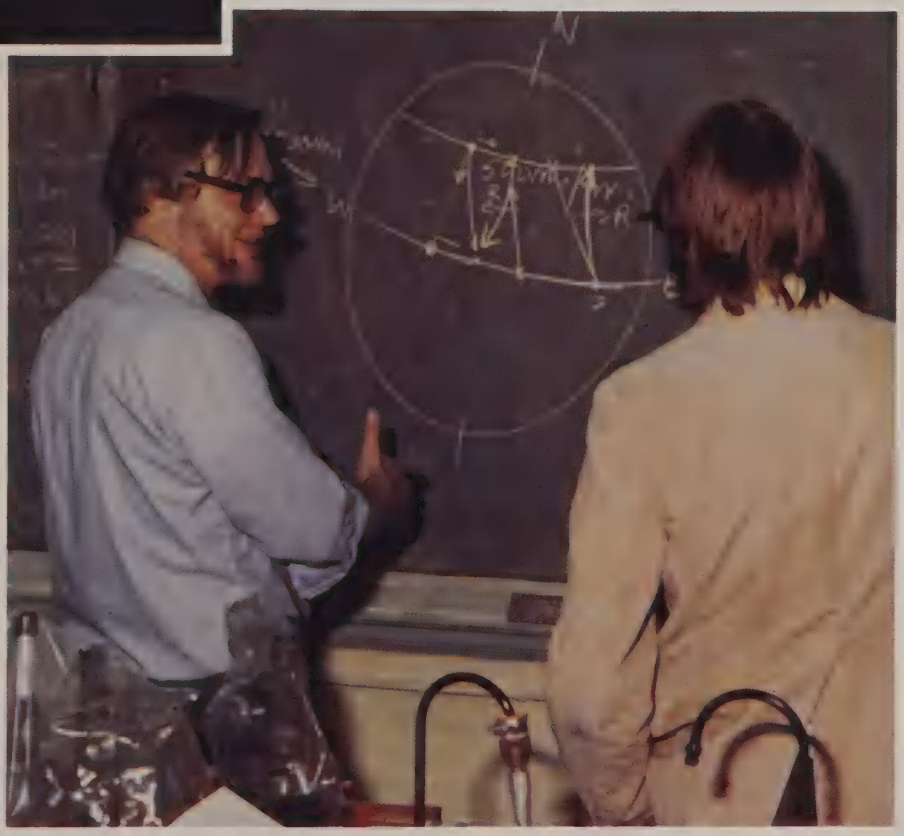
DEDICATION

Each year we dedicate the yearbook to the person we feel most deserves it. The dedication goes to the person who has consistently shown his devotion to the school and the people affiliated with it. The dedication of the yearbook is an honor which is given to show our gratitude for years of fine work and true devotion.

This year we are dedicating Towers to George M. Andes; he has been at Worcester Academy for fifteen years. In that time, Dean Andes has served Worcester Academy and the students in many ways; he represents the ideals of Worcester Academy in a way that few of us ever will. He always has time to listen to the students and all of their problems, and he always seems to care. Dean Andes started at Worcester Academy in 1963 as a science teacher. Since then, he has served as Chairman of the Science Department and as Dean. It is with great pleasure and many thanks that we dedicate Towers 1979 to Dean Andes.



" . . . he represents the ideals of Worcester Academy in a way that few of us ever will."



IN MEMORY OF ROBERT J. MACKO

After sharing the duty with Bob Macko for about twenty years, I learned some things about that word, duty. The duty was dorm duty, it was dining hall duty, it was library duty, it was coaching, it was chaperoning, it was Dean duty, and above all it was teaching. Bob kept it in mind that all of the duties were occasions to teach, not just to reward or punish. He insisted on the fundamentals of teaching; make the goal clear, make the steps toward the goal definite, and insist on practice.

His literature assignments illustrated his concept of goals. He preferred the classic authors, the universal themes, and the well-known stories. Bob held out for regular schedules, predictable assignments, and consistent logical development. He kept us in mind of the antique virtues by his reluctance to put students into situations no one was sure anybody could manage.

Bob always kept the students' needs first. He worked to make the system work. He tried to provide a consistent standard for the students to measure themselves by. He was content to let the students make names.

In his six years at Worcester Academy, Coach Thomas Blackburn has truly achieved the honorable through his dedication to the student. He has proven that he is an efficient athletic director to all those acquainted with Worcester Academy. He has demonstrated his outstanding capacity as a coach to all athletes who have been coached by him. He has led the W.A. Varsity basketball team to victory in the New England Class A Championship for three years running. Most of all, he has created an excellent example for the student who wishes to attain personal satisfaction in future endeavors. Even though his voice cannot be compared to Frank Sinatra's, his advice is always far sounder than Ann Landers. A hearty thanks from the students of W.A.

Karen Mack

Anyone who has ever had Mr. Albert as a teacher experiences something he will not soon forget. Mr. Albert is, to say the least, a very volatile person. At one instant he will be whistling Beethoven's fifth symphony and drawing an imaginary bow across an equally imaginary violin as you try to explain (in French) why you didn't write a composition. The next moment he will be melting one of your classmates, who has had the misfortune of coming to class late, with the sheer intensity of his glance. Countless tales have been told about students who insisted on tapping their pens or staring at their watches while Monsieur was talking. For the most part, the guillotine removes only fingers; however, once in a very long while it will take a whole hand. Apart from being a master of 18th century forms of torture, Monsieur Albert is also a great teacher.

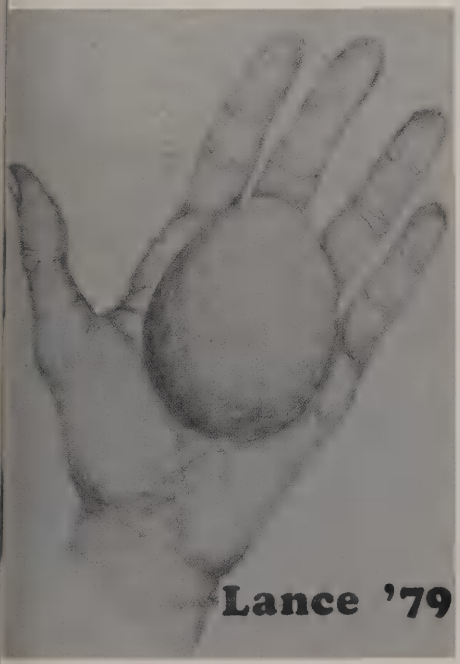
Who's the teacher who hasn't lost that preppie look, which by the way, is very vogue. Who's the teacher who writes in abbreviations for each umpteen-long theorem? Who's the teacher who has as much patience as intelligence as charisma as wit as devotion as organization as character? Work on a yearbook is continous. This year with the help of many people, Towers '79 was completed. All of the contributions deserve recognition for their efforts in putting together this book which hopefully represents Worcester Academy. The yearbook is a record of the events of the school year; hopefully this yearbook will be an enjoyable one.

LANCE

(l-r) Tangherlini, Hopkins, Carlson.



Lance is a forum for students to express themselves creatively in the form of short stories, poems, essays, drawings, and photographs. The various works are compiled in two publications during the year under the guidance of Mr. Hughes. The first is edited by the Senior editors, Kathy Dick and Arne Tangherlini, and the second is edited by the Junior editors, Andrew Carlson, Jon Carlson, and Gretchen Hopkins.

VIGORNIA

Front Row (l-r) McTigue, Cronin, Tangherlini, Parker, Hopkins, Jacobson, Stead, Howlett. The Vigornia is the school newspaper. The Vigornia serves as a vital step in the Worcester Academy communication system; the paper goes to each past and present student to keep them all informed of what is happening at W.A. Several issues were published this year, and each was informative and well written.

The Worcester Academy Band, under the direction of Mr. Sharron, performed several times over the course of the school year. The three biggest performances were in the Winter Concert, in the Spring Musical, and at Graduation. All of the instrumentalists did a good job and made all of their performances memorable.

The Worcester Academy Chorus had one of its fines years due to the number of returning singers and the number of new singers. The group gave particularly fine performances in the annual Winter Concert and the Spring Musical. A smaller group, the Jazz Singers, came into formal existence this year and performed in and around the Worcester area. As usual the Music Department celebrated the year's success by throwing a Sundae Bash.

OFFBEATS

This year the Offbeats were brought back to life. The singing group consisted of several talented young people. Under the direction of Fr. Burt, they performed very well. The group practiced hard and it payed off in the end. Every one of their performances was entertaining and enjoyable.

The French Club was reactivated this year in the hope of stimulating interest in the French language and culture outside the classroom. The Cerile Francais went on several field trips this year: a concert by Jacques Yuart, performances of *Le Petit Prince*, and a representation of works of Moliere. This year was a promising start for a club that will again become an integral part of Worcester Academy.

The S.F.S. had one of its most successful years. The Senate ponsored innumerable field trips this year including one to the Division 1 Class A Basketball Championship. The Senate also ponsored the Homecoming Dance and the Winter Weekend. This year the Senate enjoyed for the first time their own private neeting room; the money for the furnishings was donated by last ear's Senate.

Aside from participating in the conference the kids also site see around the Washington area. The trip is a very enjoyable learning process and well worth the time.

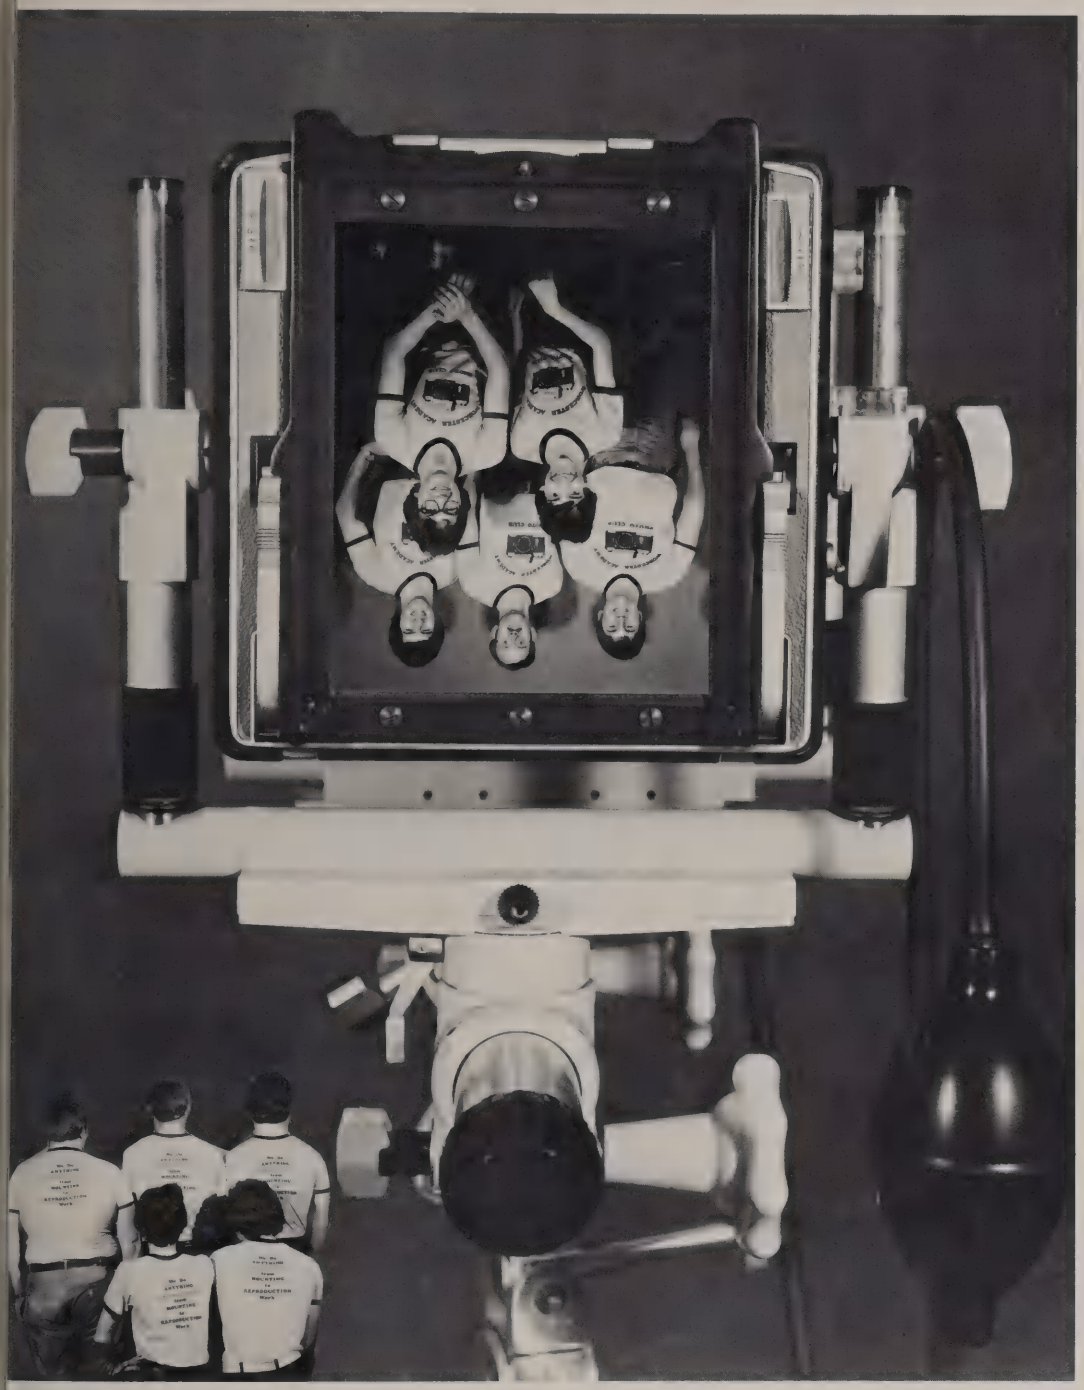
PHOTO CLUB



Front Row (l-r) McTigue, Mr. Freeman, Calianos. Back Row (l-r) Howlett, Cronin.

The Worcester Academy Photo Club proved once again to be one of the most active organizations on campus. Under the guidance of Mr. Freeman, the members supplied pictures to the Vigornia and Towers. They also sold pictures to the student body as an effort to support the operation of the club.

SKI CLUB

The Ski Club hit the slopes only once this year as a group, but it was a fun trip for all involved. The students travelled to the slopes in private cars and spent the rest of the time together having a great time. With a little organization the group could have a future at W.A.

CHESS CLUB

(l-r) Howlett, Mr. Garner, Carlson.

The chess club consists of a few people who have a knack for playing chess. This year they had a rather successful year; in each of their meets the players represented Worcester Academy honorably. The chess club shows potential for the years to come.

The Varsity Club is one of the most prominent organizations on campus. Its purpose is to honor all athletes that receive a varsity letter in any sport. Throughout the year, the club is involved in various fund raising projects, such as: the Blood Drive, the Blue Grass Concert, and the Arm-Wrestling Tournament. The highlight of the year was the annual Varsity Club Dinner.

Chips and Silvers was quite active this year. In February the group sponsored a 50's dance which turned out to be quite successful. April 26 marked the annual Chips and Silvers Banquet. Featured at the dinner were the Academy's own singing groups — The Offbeats and The Jazz Singers. To date there are 20 Chips and over 150 Silvers.

MATH CLUB

The 1978-1979 Math Team had a difficult year. The team competed in some very tough meets, but the participants always managed to perform admirably. Despite problems with sports commitments and other conflicts the team managed to pull together and earn a respectable record. The team finished the year having placed 3rd overall in its division.

SPANISH CLUB

ront Row (l-r) Iandoli, Siegel, Tangherlini, Nanof, Bloom, Losapia. Back Row (l-r) Lainer, Cook, Peter, Laurora, Andes, Fr. urt.

This year a new club was formed on campus — The Miguel de Unamuno chapter of sociedad Honoraria Hispanic. Membership into the club requires a consistent honors average in Spanish. For a first year organization, it shows a lot of promise for becoming very successful.

THEATRE CLUB

Front Row (l-r) Revelli, Fisher, Ouelette, Comeau, Athanas, Siegel, Jacobson, Nanof, Lainer. Middle Row (l-r) Kearsley, Iandoli, DiPersia, Macuen, McGovern, Goldsberry, Andes, Cronin. Back Row (l-r) Kim, Mr. Albert, Smalley, Bard, Abodeely, Macko, Howlett, Bishop.

The theatre club is a group which goes to shows in and around the Boston area. The group travelled to Boston several times to see different plays. The final excursion of the group this year was to Mechanics Hall in Worcester to see a production of "The Sound of Music." This organization is perhaps the most enjoyable one on campus.

BLITHE SPIRIT

THURBER CARNIVAL

This year the students involved with E.K.A. succeeded in putting together two tremendous performances — "Blithe Spirit" in the fall and "Thurber Carnival" in the winter. Each production was the result of hardwork on the parts of the students and Mr. Winters. The director, Mr. Winters, did a terrific job organizing all the students and successfylly putting together those two shows.

DEXTER PRIZE SPEAKING

The Dexter Prize Speaking Contest presents a chance for every student to practice speaking before an audience. The students who participate work on their selections all year and finally present them before the student body. There is a certain incentive involved — prize money; the prize money is heartily deserved by every participant. This year's 1st prize winner was Peter Cronin.

The 1978 football season started off well with four initial wins, including three shutouts. The squad was blessed with a tough defense and a powerful offense which led them to their victories early in the season. The Academy squad fell short in its last four games as far as scores, but the team never faltered from playing fine football. The success of the team can be measured by the dedication and determination of the twenty-nine players; they never failed to put out one hundred percent. All in all the team had a fine season.

The Captain was John Salvadore, and the M.V.P. was Tom Norton.

The Soccer team had a rather disappointing season in that it ended its season with a record of 3-7-1. That record, however, does not accurately show the effort and determination that went into each and every game; the individual players never gave less than their all on the playing field. The team worked well as a group, and the players had a tremendous season working together. The men played some very tough opponents throughout the season, but they hung on to win three and tie one of their eleven games. There was rarely an unexciting moment in any of the games; the team, overall, had a fine season.

The Captain was Arne Tangherlini, and the M.V.P. was Federico Zimeri.

1978 saw the girl's soccer team posting it's third straight winning season with a 5-4-1 record. What is most gratifying is that this year was expected to be a year of rebuilding; a year in which a number of younger girls were to gain experience and point towards the 1979 season. The girls, however, were not interested in "rebuilding"; they were intent on winning, and win they did with intelligent and aggressive play. It is sure that the girls will continue thier tradition of fine soccer in the years to come.

The 1978-79 season was a good one for the Worcester Academy wrestlers. They finished off their season with a 5-6 record. The wrestlers demonstrated that theirs is a team as well as an individual sport by working together throughout the season to confront their opponents with a well-balanced attack. All the members of the team worked together in the regular season as well as in the New England Tournament. Many individual wrestlers had outstanding seasons, in particular, Bill Wellock, who went undefeated in eleven meets with six pins. Overall, they had a fine season.

The co-captains were Glenn Bloom and Hossein Zarrineghbal, and the M.V.P. was William Wellock.

This year's season was a relatively successful one for the hockey team. There were a number of older, more experienced players as well as many younger players which indicates that hockey at W.A. has a bright future. They finished the season with a record of 4-6; a record which the team earned through a great deal of dedication and hard work. The hockey players and coaches deserve recognition for a very fine season.

The co-captains were Andrew Hodgkins and William McGaughey, and the M.V.P. was James Brown.

The swimmers, in posting a 5-6 won/lost record, had their best season since 1970-71. The team swam against great odds. The team, among other things, was very young; of the ten letter winners, only one swimmer, and the manager, were seniors. This year was a year for rebuilding and also winning. The swimmers all had a positive attitude and a compulsion for doing their best. It is safe to say that Worcester Academy can expect bigger and better things from the W.A. swimmers in the future. Best of luck to them.

The captain was Andrew Buduo III, and the M.V.P. was Federico Zimeri.

Fernando Jimenez received the Gerald Feldman Award.

Steady defensive play, along with a devastating display of hitting which sparked the Hilltoppers to 5 consecutive wins after losing in the bottom of the ninth to the Northfield-Mt. Hermon School. Due to the tremendous offensive and defensive tactics of the players, the Academy scored 63 runs while its opponents only scored 10 runs. The Baseball team did a tremendous job this season.

The Girls' Softball team reversed last year's record and went through their first seven games umblemished. Using some solid fielding and always taking advantage of the big inning, Worcester Academy had some big wins as well as some excitingly close ones. Probably their best game of the year was when they defeated Wilbraham — Monson Academy 11 to 7, a team which hadn't lost a game up to that point. The girls deserve a hearty congratulations for their undefeated season.

The Varsity Golf Team started the season off with a win. Although the team's overall record was not tremendous, the players gave each match their all. The team played some tough opponents, and in each match the men played hard and well. Matt Zettek deserves special recognition for his hole-in-one on the 225 yard, par 3, 13th hole in the match against Williston — Northampton. The team played well, but they just couldn't pull off wins against their adversaries.

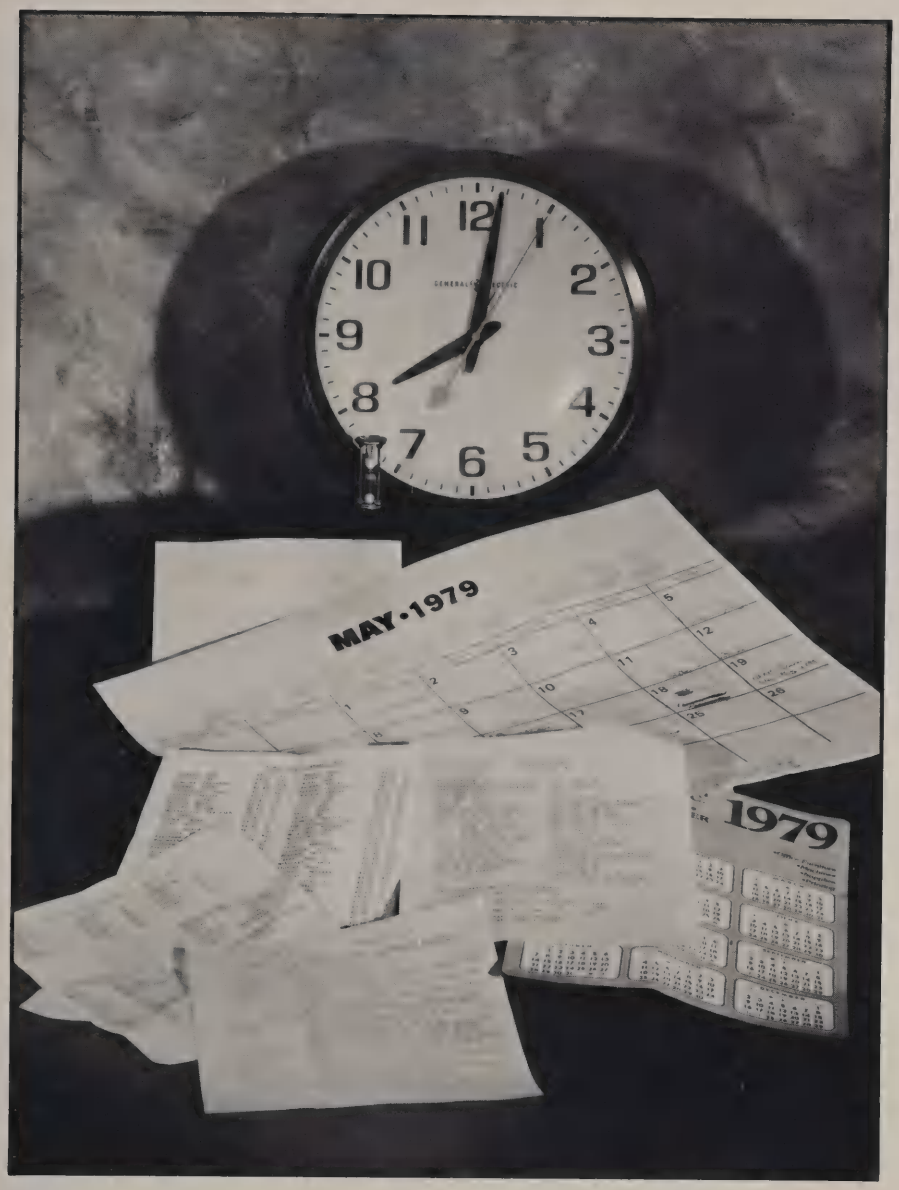
CHRONOLOGY



SEPTEMBER

"But it is only your first day teaching . . ."

"I don't do windows!"

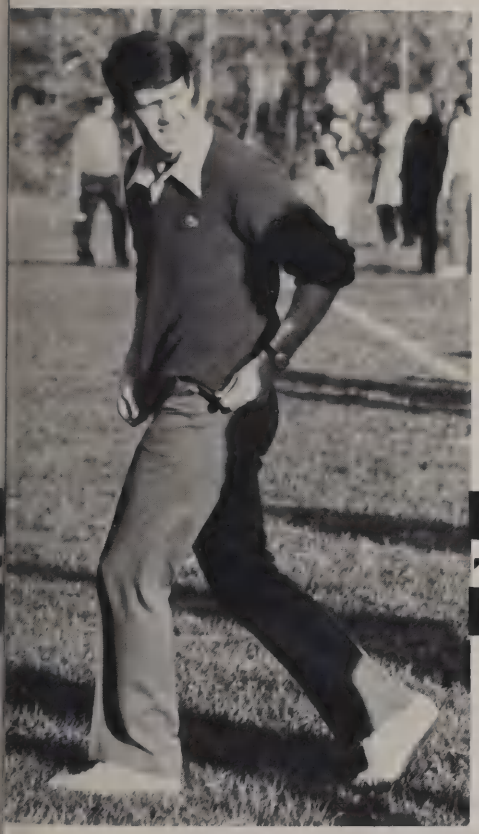
With the coming of each new school year, there is always at least one major change. This year that change was the promotion of Mr. Strogoff to the position of Assistant to the Headmaster — pretty impressive stuff!! The cheerleaders are going to give it another try this year; who knows, they might even learn a cheer this year! Some things never change — there is a record hop Friday night. So?! Hey, we now have a new computer system for all those promising young programmers. There is only one small problem; the computer system does not work. One can't have his cake and eat it, too.

"C'mon guys, put the ties back on!"

First major problem of the year — the students are parking their cars too close to the dumpsters; thus, preventing trash collection. They better be careful; they might lose their cars! For entertainment Josiah S. Carberry is coming to lecture on the "Anaphanerism as Observed in Certain Inaudible Blastophores and Blasphones of the Peripatetic Class." Yea??? Unfortunately he was unable to make his scheduled appearance. Rats! Well, as if that isn't enough excitement, the seniors are offered a special treat — a mock S.A.T. Come on, once is more than enough. Disappointment strikes this month — Towers '78 is recalled. It seems they weren't printed with the right ink, they just don't make 'em like they used to. For a finale this month, the girls are organizing a touch football game. Sorry guys!

OCTOBER

When all else fails . . . smoke KETCHUP?



HOMECOMING

Homecoming is traditionally a time for school spirit and pride. It is a day when many present students join in supporting their friends and classmates who are on the playing field and a day when many alumni and alumnae return to visit their Alma Mater, chat with old friends, and once again cheer for the various teams down at Gaskill Field. The excitement of the day is felt by all — the alumnus, the student, and the faculty member alike. Homecoming is a time to relive old times with old friends and a chance to once again become involved with the school. This year Homecoming was even more special; the 1948 Football team had their own reunion. In 1948 that team went undefeated and unscored upon which in itself was reason to get together and celebrate. That reunion and others like it are why Homecoming is always so special at Worcester Academy.

This year's Homecoming officially began on Friday, October 27 with a Pep Rally in Warner Theatre led by the Worcester Academy Cheerleaders. The excitement built and the spirits soared as the winners of the poster and the spirit chain contests were announced. By the end of the rally, all of the students were eagerly looking forward to the next day. All of the athletic teams played very well to the obvious delight of the crowd. Nearly 80% of the entire student body showed up as well as many Alumni. If the day lacked anything, it was not enthusiasm. The day came to a very pleasant close with a dance featuring Nighthawk that evening in the Megaron. All in all this year's Homecoming Weekend was a tremendous success.

Well, it's only the third month of school, and, already, we're having trouble with flashers! The W.A. photo club is on the move again. The guys don't like being left out of the touch football game. Cheer up guys! You can still watch. CAMPUS ALERT — it's flu season, and guess who is out on the prowl once again — Mrs. Neal with her vaccinations! Mrs. Neal is not the only one out looking for someone; the Offbeats are looking for a tenor. No volunteers?? Hmm! As if that's not enough pressure, it's application time for the seniors. College?? . . . Oh! college. Well, it's exam time again; it sure makes you appreciate when it's NOT exam time! I'm sure everyone will enjoy their short break for Thanksgiving.

December is such a great month; so many exciting things happen then. For instance, the chess players were chosen for the 1978-79 season — all 5 of them!? Also, the winter teams start practice just in time to disband for Christmas break. "Make Sense?" " . . . No, not really!" Wednesday Assembly looks good for a change; Russ Burgess is coming to speak on the subject of E.S.P. The guys better watch what they have on their mind that day! Somebody decided to get a Prom committee together; unfortunately, it takes more than one person to make up a committee. "Come on guys!" . . . PLEASE!" Christmas vacation is finally here; thank goodness! HAVE FUN!!!

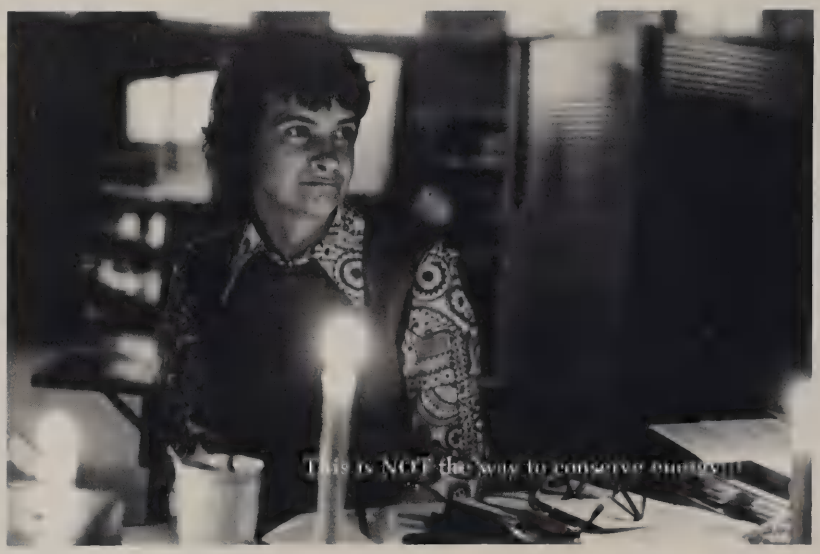
DECEMBER

"Hey, there, loud MOUTHS!"

JANUARY



Well, vacation is over and here we are-back again. How depressing! The first movie of the New Year is "Who's Killing the Great Chefs of Europe?". I don't know, but I sure wish he would come over here and take care of the one in the Dining Hall. The Juniors are cordially invited to pick up the results of their P.S.A.T.'s at Mr. Munger's office. "Kinda like sheep walking into the lion's den." The Varsity Football meeting have started again. "I thought football was over!" "It is, but the players have to check in with their coach (i.e. mother) and tell them how they are doing." "How quaint!"

A slave auction is going to be held. Lookout seniors! The Junior girls are certainly going to have fun; think of all the P.G.'s they are going to have to choose from. Picture them saying, "I'll take one of those and one of those and . . ."

"Clark Kent?" . . . "No, it's SURPERMAN!!!"

February is a fun month. The Winter Weekend is coming up; the highlight of course will be the snow sculpturing contest. That is IF we get any snow!! The Faculty have already set up a practice date for the volleyball game; no fair!! Most of the seniors have now been sold into slavery for a day; too bad they didn't make arrangements to get rid of them for good! February 14th is a special day, and this year one can have a flower sent to his honey for a small fee. It's a nice idea, but what am I going to do with ALL those flowers??!! E.K.A. is putting on "Thurber Carnival" this month. Why bother? Anyone can walk into Dexter at any time and see a begger sideshow. A new fund raising idea — pay a price, buy a ticket, and hug a 7th grader on Hug Day. "Are you kidding?! I wouldn't touch one of THEM if you paid ME!" It certainly is an inventive idea.

"Is THIS gonna hurt!"

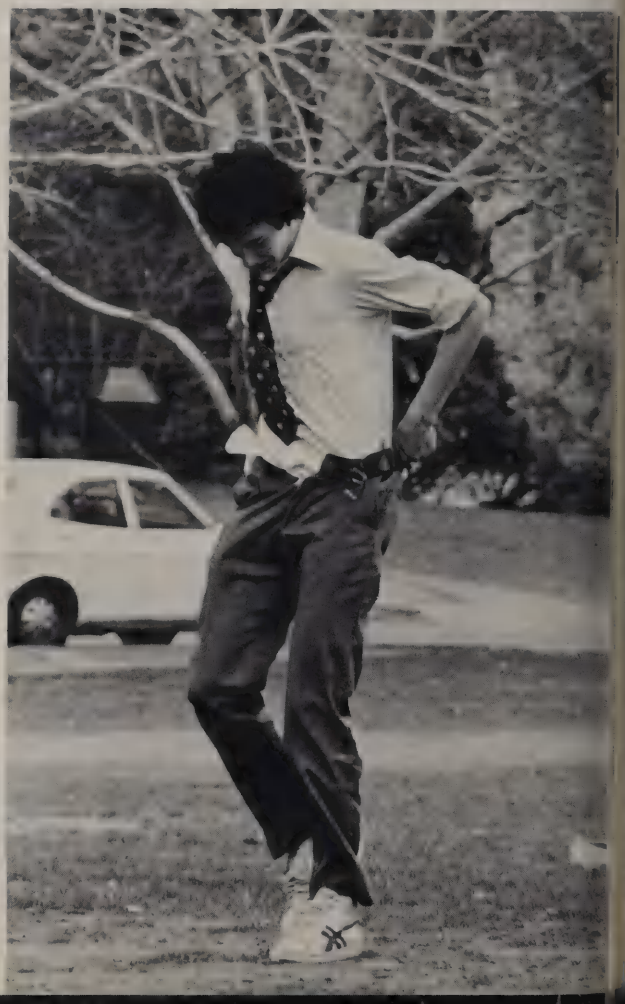
The highlight of this month has got to be that Worcester Academy has made it into the New England Class A Prep School Championship again. For yet another year we remain #1 in basketball. Oh, oh, still more excitement; the Chips & Slivers are sponsoring a 50's dance. Be serious!! The best part about March is that two weeks of the month are spent on vacation. Good stuff!! The last Saturday of the vacation there is going to be a concert in the Theatre; that is certainly something different!! A new set of movie rules is posted. "Why?" . . . "Because some people don't know how to act their age." The Blood Drive Campaign is getting under way; Doc isn't going to let even one red blooded senior get away without donating. "Aw, Doc!"

MARCH

APRIL

All sorts of exciting things happen in April. First, the students are allowed to read the notes on the last food committee meeting. Whoopee! The Blood Drive was a huge success; a "heartfelt" thanks to all donors. The Juniors and Seniors vote on the theme song for the Prom; will they be able to handle the pressure. It's decisions like those that send people over the edge. The administration sees fit to admonish us against the improper use of fire crackers; what a way to wreck our fun. Well, here it is April, and graduation only two months away. Now, the Headmaster decides to tell the Seniors that there will be no caps and gowns at graduation. Overruled! The Seniors decide that they will graduate with caps and gowns. Mr. Munger is pressing the Seniors for their college decision forms; decisions, decisions, and more decisions. The final straw this month — The Gong Show has been cancelled. What a disappointment!?



This month the Juniors get a work out with achievement tests and class elections; they, finally, decided to elect Senior class officers at the end of their Junior year. THE sporting event this term is the Arm Wrestling Tournament; even the teachers are getting into the act. Come on, Mr. Hughes, show'em your stuff! Well, the Prom is swiftly approaching, and a lot of potential Romeos are biting the dust. Oh, well, try, try, again! The last Grub day of the year is sponsored by the 7th graders, how appropiate! The Spring Festival is in full swing, and the Musical is an huge success. It probably had nothing to do with the Muscle Men scene. In the field of athletics, Girls' Softball went undefeated this year. Nice job, girls! Well, the highlight of the entire year happens this month — the LAST day of classes. HAVE FUN !!!!!

GRADUATION 1979

Upon embarking on their final year at Worcester Academy, most seniors do not see graduation as being as close at hand as it is. Campus life goes on as usual — classes are attended, tests are taken, college applications are completed, and students are accepted. Time passes — days then months — and before it seems possible, spring is upon us. Most Seniors by now are sure of their plans for next year, but graduation is still only a topic of conversation.

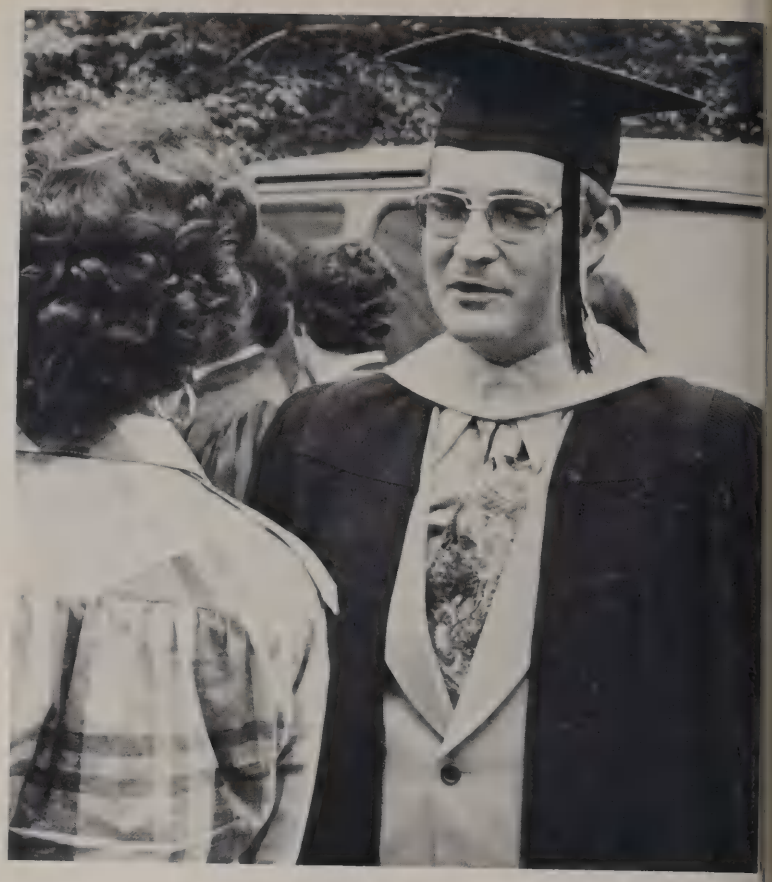
Suddenly it is here; Graduation Day, June 2, 1979, has arrived. In the morning a few outstanding students and athletes are honored. From there the Seniors move outside to plant their tree, and then they amble over to Adams Hall for a delicious luncheon. Now the individual Seniors begin to ready themselves for the final moment. Sentiment is in the air as the seniors don their caps and gowns. Almost unexpectedly graduation is a reality.

WORCESTER ACADEMY

ONE HUNDRED AND FORTY FIFTH

COMMENCEMENT PROGRAM

JUNE 2, 1979



As each senior accepts his or her diploma, all present realize that he or she has indeed accomplished great things. As the Seniors return to their seats, one can see the sense of having achieved the honorable on their smiling faces.

Graduation is a happy yet melancholy day. The graduates are happy in their accomplishments and parents are proud. But as they say good-bye to their many friends made here at Worcester Academy, there is a feeling of sadness all around. Probably the most difficult aspect of graduation is facing the realization that it is time to move on to new people, new friends, and new places.

We, the parents of Superman,
  Alias Jon B.,
Hope that the graduating class will have luck
  And success from Mr. Berg and me.
Six years at the Academy
  Have gone by so fast,
And now our son Jonathan
  Will graduate at last.
On he will go to American U.,
  That's in Washington, D. . .C.
To further his education and decide
  What he wants to be.
What happens to you only time will tell,
So shalom, adios, good-bye, and farewell.

THE EDITORS

Many things go into a yearbook — things like time, thought, laughter, sentiment, and pride; without these things a yearbook does not carry much meaning. We, the editors of Towers '79, hope that we have successfully captured the flavor of the 1978-79 school year, and that this book will mean a great deal to each and every reader.
